Donna,

We've been informed that all links are functioning again and have verified that the broken links we were aware of are working again. Please let me know if you have any further issues related to this.

Thanks,
Robert Hingtgen

Donna,

There is an ongoing migration of the County webpages to an updated and improved format. Apparently this has resulted in some non-functioning links to some of our Administrative Record files. Our IT contractor has their experts working to resolve the issue and I'm anticipating that all links will function normally very soon. Please let me know if you have any difficulty viewing or obtaining any other documents from the Administrative Record site and I will send them directly to you.

Thank you,
